

Sharepoint Developer

Localisation: Limerick (Ireland)

Salary: Negotiable

6 month contract + review

This is an excellent opportunity to join a recognised leading international supply chain and freight management provider. This company is looking for a Sharepoint Developer to be based in West Limerick in a temporary six month contract. An extension for this role will be reviewed at the end of this period.

If you are a Sharepoint Developer with more than 2 years of previous experience, a proven success delivering Sharepoint solutions and a solid understanding of database technology apply today for this job, mail us on info@itgconex.ie or call +35316874010 and we would immediately get in contact with you.

The ideal Sharepoint Developer must have the following technical abilities...

- New sites, lists and libraries creation
- Security permissions management
- Basic queries writing
- Scalable and extendable Sharepoint and Sharepoint Extranet solutions implementation.
- Troubleshoot and debugging skills
- Consultancy and communication skills

We are looking for a talented, dynamic and proactive Sharepoint developer with the ability to manage different projects in parallel and to work with the minimal levels of supervision.

We really want to know about you to discuss about this exciting job opportunity, so apply in our web page www.itgconex.ie , mail us on [info@itgconex](mailto:info@itgconex.ie) or call +35316874010 to discuss about your next step in your professional career.
